

Offer Class Home Learning Ideas - Summer Term 2026

Here are some ideas to extend your child's learning at home. Please do as much as you would like and share with us at school.

English: Make a cartoon strip of Homer's Odyssey. Ancient Greek mythology: 10. The Odyssey - BBC Teach Go out into the natural world and spend some time noticing how the seasons are changing. Write a poem all about what you notice. Write a biography of someone that you look up to.	Creativity: Imagine you are turning your favourite book into a film or play. Design a set for one scene. Could you make a model of it? Using only recycled materials or natural materials, make a collage of yourself. What would you want your piece to communicate about you?	PE: Build an outdoor circuit to boost your heart-rate. Challenge someone you know to do it with you. Start one day with some yoga, by yourself or with someone at home. Did it change your day? Bing Videos
French: Here's a news video about the recent Artemis mission to the moon in French. Have a watch and listen closely. Can you hear any familiar words? Artémis 2 : une mission historique vers la Lune - Fiches pédagogiques A2 B1 Enseigner le français avec TV5MONDE Pick your favourite fictional character, draw them and label their clothes in French- colours too!	Maths: Create a line graph about a topic of your choice. Find an example of a real bus/train timetable and take a photo. Can you plan a journey with it? What is the shortest journey and longest journey you could take? Find as many examples of acute, straight, right and obtuse angles as you can in your area. Can you take pictures and sort them?	Science: Research a living being of your choosing. Can you create a representation of its lifecycle? Can you compare it to that of a different animal? Grow a plant from a seed and document its growth! You could draw it or record it on a table. Could you use a seed leftover from fruit? If you have a device, download the Merlin app and go on a walk. What birds can you hear?
History: With an adult, make a Maya hot chocolate. Warning: it can be spicy! Mayan Hot Chocolate Recipe Learn to write your name using the Maya alphabet. Build your own Maya temple using blocks, Lego or recycled materials!	Geography: Make a representation of the layers of the rainforest. It could be a poster, a model or a PowerPoint. Even a poem! Plan a journey to the Amazon. How long would it take? How much might it cost? What would you need to bring with you? Make a poster or video giving advice to other children about what they could do to help protect the rainforest.	Visit ideas: We are going to the Museum of Anthropology and Archaeology and the Zoology Museum for special workshops all about our topics! Pond-dipping in the Cam would be a great way to explore the living things in our habitat. If possible, a visit to Wicken Fen nature reserve would be a great way to enjoy the sun and explore a diverse ecosystem.
