

April 2026

Dear Class 6 Parents/Carers,

A warm welcome back to you all. I hope that you all enjoyed a wonderful Easter break! I also hope that your children feel as prepared as possible for SATs, which will be upon us very soon **starting Monday 11th May**. How time flies!

This term's topic is about the Ancient Greek civilisation. Our learning question for this is: How different was Greece 2000 years ago to Britain today? Some of the other subjects will be taught following elements of this theme. The science topics this term are: Evolution and Inheritance and Looking after the environment. Please see the topic web for further details.

This term, again, the children will be set a weekly English skills homework which will begin on **20th April** and is set ready for a **Monday**. This will be set in Google Classroom or in a book, if your child needed a homework book. The children will continue to learn spellings in class through our spelling scheme and are still expected to practise spellings at home using their log in to Spelling Shed.

In KS2, we encourage children to adopt healthy reading habits at home. Therefore, all children have access to their class book corner daily and are able to change books when ready to do so. There will be a new reading record for this term. In addition to our reading area in class, all the children have weekly access to the school library where they can take out books and change them when they have finished with them.

There will also be regular maths activities to be done at home too. This will be using a website called 'Times table rock stars'.

Please note that all children should have their own P.E. kit in school. Please see the PE kit list on the Uniform page of the school website. Long hair should be tied back and earrings removed for health and safety reasons. Please ensure that all items of clothing are labelled with your child's name, thank you. Class 6's PE lessons are on Mondays and Tuesdays.

Water Bottles

Please provide your child with a clearly named water bottle each day. Please use a permanent marker or label with your child's full name and class.

We will keep a small supply of school water bottles available for children who have forgotten theirs/or until a bottle is brought into school.

This change takes place after careful consideration of the various issues around providing them. Thank you for your cooperation with this and if you have any concerns around providing a bottle please do come in and speak to us.

One final reminder for you is that we are a nut and sesame free school so please can ensure that any food your children bring into school is free of these.

St Paul's C of E Primary School

Life in all its fullness

I am really looking forward to a happy and successful final term in Class 6 and hope the children are too, especially with a production to perform and PGL! If at any time you have any concerns or issues you would like to discuss, then please come and see me as soon as possible; after school is generally the best time or you can email me via the School Office or Hedgehog class email address hedgehog@stpauls.cambs.sch.uk.

Yours sincerely,

Miss Wolfe
