

English

These are the texts that we will be exploring in our writing lessons: Here We Are, How to Live Forever, Flotsam and Escape from Pompeii. Through these texts, we will be continuing to develop our sentence structure, correct use of punctuation and understanding of various grammatical features. We will aim to write creatively and use adventurous vocabulary to describe and create atmospheres. In reading lessons we will be reading and responding to a wide variety of texts across many genres. We will continue to teach spelling and handwriting daily.

Maths

We will be developing our understanding of: money, time, position & direction, shape & perimeter and statistics this term. In our quick ten-minute maths sessions, we will continue to hone our calculator skills.

Science

The first half term we will be learning about plant life. Learning about the structure of a plant, its lifecycle and a plant's needs for growth and survival. In the second half term we will be developing our science enquiry skills; enabling us to explore a range of different areas within the science curriculum.

Computing

This term we will be working with Scratch in order to develop our coding skills. Later in the term we will be linking our computing skills with our DT project to develop an item of wearable technology.

Rabbit Class Summer term

French

The children will learn the nouns for fruits and vegetables while revisiting numbers with plural fruit and veg nouns. Later in the term, we will explore words related to picnic items, explore possible locations for a picnic and build our own picnic story.

St Paul's C of E Primary School

Life in all its fullness
Italy

The Romans in Britain

RE

In the first half term, we will be learning about Hinduism; asking the question, why do Hindus want to collect good karma? In the second half of term, we will turn our attention to Humanism. More specifically we will explore Why Humanists use the golden rule as a basis for their morality?

PE

Depending on our individual starting points, we will be learning to swim or developing our swimming at Parkside Pool. In school, we will be developing our balance, coordination and agility through a range of sports and in the second half of the term we will be learning to play tennis.

Geography/History

Italy: We will be exploring Italy's physical and human geography. We will also be comparing this part of Europe with the UK. The Romans in Britain: We will be learning about why and how the Romans invaded Britain and how life changed under their influence. We will also explore their legacy and the impact this still has on our lives today.

Music

To begin with we will be exploring ballads; what a ballad is, understanding the story behind a ballad, writing lyrics and performing a ballad. Then we will move onto to learning about the pentatonic scale, notation and performing pieces based on the pentatonic scale.

Art/DT

Art - We will be exploring how we can tell stories through art. We will be taking inspiration from a story to create sculptures using clay and other materials.

DT - We will be designing and making an item of wearable technology and towards the end of the term turn our hand to cooking using seasonal ingredients.

PSHE

We will be exploring healthy lifestyles and developing our understanding of how physical activity, healthy eating, dental hygiene and sleep play a part in this. Next half term we will be focussing on managing change in our lives and Relationships and Sex Education.
