

Homework ideas

Maths

- We will be learning about Roman numerals this term. Create your own method of counting using symbols for certain amounts.
- Famous timeline: choose 10 famous people throughout history. Create a timeline of their births (make sure you include the dates).

English

- Research about a an aspect of Bronze Age life.
- Write a diary, real or imaginary about a day in the life of one your favourite characters from a book.

French

- Draw a character from your favourite film/cartoon and make him/her greet and introduce him/herself in French.
- Choose a physical activity and practise it counting up to 10 in French (hopping, bouncing a ball...). If you like it, ask a grown up at home to take a video and post it on Google

The Empty Box

You can do anything you like: a presentation or poster on something that interests you; write about something you have done outside school. The possibilities are endless...

Topic

- Design your own island. You must include: A river, some hills or mountains, a large town, a beach, any other location you like. Can you write the coordinates for each location?
- Research your favourite animal and create either a poster or fact file about them.

Rabbit Class

Autumn term

Science –

- Find out more about the skeleton of a particular animal and make a detailed scientific drawing of the skeleton.
- Study the structure of the human hand or foot and make a model of it using clay or other materials.
- Conduct a simple science investigation and record your findings.

Creative arts

- Create a landscape in a box or as a collage
- Create a board game with a theme of either: UK or The Stone Age.
- Have a look at this website and try something new! <https://www.nationaltrust.org.uk/50-things-to-do>
- Create a collage, or make a sculpture using only items you find in nature (the size of your creation is up to you! Take a picture and share with the class.
- Create a recipe and try it out!
